Bill quickly taught me the basics of the local Cantonese language in order to help me make myself understood in Hong Kong, His work ethic and interest to help me achieve my desired language proficiency was stimulating, and I respect what he has done and will do as a teacher. Thus, I recommend him highly.

Hi Bill

Nay Ho Ma?

My name is Bill Loh and I am the co author of Instant Cantonese a popular Cantonese language book for learners first published in 1996, 22 years ago.

This little book works because we catered for the why and how people wanted to learn Cantonese and made it simple for the learners to do just that.

We have distilled the book into a class, “Instant Cantonese Cafe” it is a instant success, organisations like Axa Insurance, Irish Embassy and many more are loving the course.

Why ? Because beside making it easy to learn Cantonese, we added cutting edge professional training skills from coaching, neuroscience, positive psychology, team building, and negotiation, to make the class jump and fun.
The saying, we learn better when we enjoy what we do is so true.

There’s some big take aways for “Instant Cantonese Cafe” on the personal and business level, at work and at play.
Most importantly it helps people to feel more at home and bring people closer together across cultures.

Because I am delivering this course personally, there are 5 more bookings left for 2018. If you or your organisation are interested, Kindly sent me a email right away to express your interest.
